

Requirements for All Participants

In all things NNJR PCA does, first and foremost is the health and safety of our members, host locations and businesses, sponsors and communities. Federal, State and Local guidelines and restrictions supersede these guidelines where there is conflict or ambiguity.

Obviously, COVID has changed many aspects of our lives. NNJR Events are no exception. You should expect many differences from pre-COVID events and plan accordingly.

Generally, organizers and participants will be expected to adhere to the commonly adopted efforts to control infection spread, namely:

- No direct physical contact (e.g. hugs, handshakes, high fives), except for family members, cohabitants
- Maintain social distancing for all organizers and attendees (i.e. at least 6' separation)
- Usage of masks where social distancing is not possible
- Masks should be worn in any indoor structure (e.g. checking in at a registration desk that is indoors; going into a restroom inside, even if the event is held outdoors)

Prior to participating in any NNJR PCA Event in this post-COVID environment, every potential participant is expected to read, understand and agree to follow these guidelines. For those who can't or choose not to follow these guidelines, where practical, NNJR will offer live video of the event via Facebook, YouTube or similar. Each participant is required to:
