

## NNJR Track Pack

NJMP Thunderbolt

Saturday May 28<sup>th</sup> and Sunday May 29<sup>th</sup> 2022

### Welcome to the NNJR Driver Education at NJMP Thunderbolt

YOU ARE RESPONSIBLE FOR KNOWING THE INFORMATION OF THIS PACKAGE.

PLEASE READ, PRINT AND BRING A COPY OF THIS PACKAGE TO THE TRACK  
(COPIES WILL NOT BE AVAILABLE AT THE TRACK).

#### *Registration, Waivers and Crew Members*

All entrants to the track, drivers and crew members, must register and sign the NNJR waiver. Registration will be set up in the paddock area. NNJR will issue color-coded wrist bands to drivers based on run group, with silver bands issued to all guests.

Run groups, event schedules, track map, and work assignments are included.

### EVENT SPECIFIC INFORMATION

#### *Arrival at Track*

The track becomes available to us at 7pm on Friday, May 27 for trailer drop off. There is another event at Thunderbolt that day, and we have been told we can't enter before 7pm. Please respect this entry time.

#### *Tech Inspections*

**Note:** Prior to the event, all cars must complete a technical inspection at an authorized shop or dealer. Instructors may self tech. However, Instructors must submit proof of their annual professional tech inspection, which should be done at the beginning of the season.

All drivers are required to complete and sign the pre-tech inspection form and bring it to the track-side tech inspection. The form is available here:

<https://nnjr-pca.com/wp-content/uploads/2022/02/2022-track-tech-form.pdf>

There will be a tech inspection on Friday night from 7:00 to 8:00. For those arriving on Saturday morning, tech will begin at 6:45am and will complete by 7:45am. Anyone missing a tech session, or if you want a tech person to look at your car during the event, please see the tech steward and will be tech'd at the steward's convenience.

#### *Noise Restrictions*

No race cars or vehicles with unmuffled engines may be started prior to 8:30 AM or after 8:00 PM.

## NNJR Track Pack

NJMP Thunderbolt

Saturday May 28<sup>th</sup> and Sunday May 29<sup>th</sup> 2022

### *Garages and Camping*

Garages are available for rent. Overnight camping is permitted but requires the purchase of a permit from NJMP. Electric power hookups may be available. You may purchase camping permits or garage space at the main gate registration building, or on-line

Garages - <https://njmp.com/garage-rentals/>

Camping and Power Hook-up - <https://njmp.com/camping-and-electric/>

Lodging - <https://njmp.com/accommodations/>

### *Safety*

NJ State motor vehicle regulations require full face helmets.

### *Food*

The Finish Line Pub is open for lunch and dinner. They also have the Toast take-out app option for pick up at the Pub.

### *Fuel*

Fuel, both race and street, will be available. NJMP's Tire & Tech Center powered by TK Autosports is now open. Located in the last Events Garages at Thunderbolt Raceway, the Center will service cars and motorcycles.

### *Car Numbers*

You must provide numbers and apply them to your car prior to entering the tech line. Numbers do not need to be fancy: one inch blue painters masking tape works well on light colored cars.

**Make sure you can read the number from 100' distance.** Door numbers should be at least six inches high and appear on both the driver and passenger side of the car. Front and rear numbers must be at least 4 inches high. **You must use the number assigned to you as shown in this track pack.**

### *Attire*

Long pants, preferably a natural fiber such as cotton, are required, as are closed-toed, rubber soled tie shoes. Short sleeves are allowed except at those tracks requiring long sleeves.

### *Bikes, Scooters, and Skateboards*

These "vehicles" are not permitted in pit lane nor in the paddock where cars are entering or leaving the track or where tech inspection is being held. While permitted in other areas of the paddock, you are responsible to ensure that all proper safety gear is worn, in compliance with state law. Please inform anyone attending with you, especially children, to remain clear of prohibited areas and to exercise caution.

### *Paddock Jack Rules*

Do NOT jack or place any jack stands on the asphalt. You must use wood or metal underneath any jack or jack stand.
