

NNJR Track Pack

PittRace – Pittsburgh International Race Complex
Monday July 11th thru Wednesday July 13th, 2022

Welcome to the NNJR Driver Education at PittRace

YOU ARE RESPONSIBLE FOR KNOWING ALL OF THE INFORMATION IN THIS PACKAGE.

PLEASE READ, PRINT AND BRING A COPY OF THIS PACKAGE TO THE TRACK (COPIES WILL NOT BE AVAILABLE AT THE TRACK).

Registration, Waivers and Guests

All entrants to the track, drivers and guests, must register and sign the NNJR waiver. Registration will be set up in the paddock area. NNJR will issue color-coded wrist bands to drivers based on run group, with silver bands issued to all guests.

Run groups, event schedules, track map, and work assignments are included.

Arrival at Track

The track becomes available to us at **6PM on Sunday July 10th for trailer drop off**. If the Tech Crew finds they are able to get some cars inspected on Sunday evening they will try to do that.

Tech Inspections

Note: Prior to the event, all cars must complete a technical inspection at an authorized shop or dealer. Instructors may self tech. However, Instructors must submit proof of their annual professional tech inspection, which should be done at the beginning of the season.

NNJR Track Pack

PittRace – Pittsburgh International Race Complex
Monday July 11th thru Wednesday July 13th, 2022

All drivers are required to complete and sign the pre-tech inspection form and bring it to the track-side tech inspection. The form is available here:

<https://nnjr-pca.com/wp-content/uploads/2022/02/2022-track-tech-form.pdf>

We will hold tech on Monday beginning at 6:30AM and concluding no later than 7:45AM. We will no longer require additional Tech inspections for the following day unless your car requires additional services as specified by the Tech team. Anyone requiring an additional tech or missing a tech session may arrange that with the tech steward.

Garages and Camping

There are garages at PittRace. They can be reserved by calling 724-534-1000 and asking for Courtney. Camping is allowed at PittRace. Electrical hook-up is available for \$25 per day. Spots with can be reserved by calling the above number.

Food

Food will be available for purchase on-site.

Fuel and Tires

Sunoco 93, 100, and 110 leaded is available on-site

A Note on Car Numbers

You must provide numbers and apply them to your car prior to entering the tech line. Numbers do not need to be fancy: one-inch blue painter's masking tape works well on light colored cars. Door numbers should be at least six inches high and appear on both the driver and passenger side of the car. Front and rear numbers must be at least 4 inches high. **You must use the number assigned to you as shown in this track pack.**

Attire

Long pants, preferably a natural fiber such as cotton, are required, as are closed-toed, rubber soled tie shoes. Long sleeves are recommended, short sleeves are allowed.

Bikes, Scooters, and Skateboards

These "vehicles" are not permitted in pit lane nor in the paddock where cars are entering or leaving the track or where tech inspection is being held. While permitted in other areas of the paddock, you are responsible to ensure that all proper safety gear is worn, in compliance with state law. Please inform anyone attending with you, especially children, to remain clear of prohibited areas and to exercise caution.

Paddock Jack Rules

Do NOT jack or place any jack stands on the asphalt. You must use wood or metal underneath any jack or jack stand.

Event Safety Rules

SAFETY IS OUR PRIMARY CONCERN THROUGHOUT THE EVENT - Anyone deemed to be conducting themselves or their vehicle in an unsafe manner, either on or off the track, is subject to suspension for the balance of the event.

NO ALCOHOLIC BEVERAGES OF ANY TYPE may be consumed by any person until the driving schedule has been completed and the track is shut down. The use of any ILLEGAL OR REFLEX AFFECTING DRUGS IS STRICTLY PROHIBITED.
