

NNJR Track Pack

Lime Rock Park - 2025

Monday June 23rd and Tuesday June 24th

NNJR Driver's Education is:

Safe, Serious, Fun

Welcome to NNJR Driver Education at Lime Rock Park

YOU ARE RESPONSIBLE FOR KNOWING ALL OF THE INFORMATION IN THIS PACKAGE.

PLEASE READ, PRINT AND BRING A COPY OF THIS PACKAGE TO THE TRACK (COPIES WILL NOT BE AVAILABLE AT THE TRACK).

Registration, Waivers and Crew Members

All entrants to the track, drivers and guests, must register and sign the NNJR and Lime Rock waiver. Registration will be set up in the paddock area. NNJR will issue color-coded wrist bands to drivers based on run group, with silver bands issued to crew members.

Run groups, event schedules, track map, and work assignments are included.

Track Pack Table of Contents

Tuesday Schedule.....	8

Track Logistics

Address

60 White Hollow Road, Lakeville, CT 06039

Arrival at Track

The track becomes available to us at 4:00pm on Sunday June 22nd for trailer drop off. Arrive promptly, as **we are required to vacate the track by 6:00pm**. Tech & Registration will be from 4:15 -5:45pm.

Attire

Short sleeves allowed

Noise Restrictions

Lime Rock has a strict noise limitation standard of 88 dBA for all Porsche Clubs. Vehicles with noise measured above this level will be black flagged and given a chance to make modifications to reduce noise. Anyone receiving two black flags for noise in one day will be prohibited from running for the remainder of the event.

NNJR Track Pack

Lime Rock Park - 2025

Monday June 23rd and Tuesday June 24th

NNJR Driver's Education is:

Safe, Serious, Fun

Safety

Open cars must have a fixed roll bar. Lime Rock does not permit cabriolets that have deployable roll bars. Roll bars must be of sufficient height to pass the "broomstick" test.

Garages and Camping

There are no garages, and camping is not permitted.

Food

LRP concession stands will be open both days for breakfast and lunch.

Fuel

Both race and street fuel will be available.

Bikes, Scooters, and Skateboards

These "vehicles" are not permitted in pit lane nor in the paddock where cars are entering or leaving the track or where tech inspection is being held. While permitted in other areas of the paddock, you are responsible to ensure that all proper safety gear is worn, in compliance with state law. Please inform anyone attending with you, especially children, to remain clear of prohibited areas and to exercise caution.

Paddock Jack Rules

Do NOT jack or place any jack stands on the asphalt. You must use wood or metal underneath any jack or jack stand.

Please Note:

Lime Rock strongly advised that all participants disable On Star or any Crash Notification System that their vehicle may have. This is only if they're using a vehicle with these features while out on track. This will prevent the activation of 911 and prevent the activation of unnecessary resources from outside emergency services. Some Apple watch models have a similar feature. Make sure this feature is turned off, or leave the watch in the paddock.

Tech Inspections

Tech Inspections

Note: Prior to the event, all cars must complete a technical inspection at an authorized shop or dealer. Instructors may self tech. However, Instructors must submit proof of their annual professional tech inspection, which should be done at the beginning of the season.

All drivers are required to complete and sign the pre-tech inspection form and bring it to the track-side tech inspection. The form is available here:

<https://nnjr-pca.com/wp-content/uploads/2025/01/2025-track-tech-form.pdf>

We will hold a tech inspection on Sunday night from 4:15pm to 5:45pm. For those arriving Monday morning, we will also hold tech beginning at 7:00am and concluding no later than 8:15am. We will no longer require additional Tech inspections for the following day unless your car requires additional services as specified by the Tech team. Anyone requiring an additional tech or missing a tech session may arrange that with the tech steward.

NNJR Track Pack

NNJR Driver's Education is:
Safe, Serious, Fun

A Note on Car Numbers

You must provide numbers and apply them to your car prior to entering the tech line. Numbers do not need to be fancy: one inch blue painters masking tape works well on light colored cars. **Make sure you can read the number from 100' distance.** Door numbers should be at least six inches high and appear on both the driver and passenger side of the car. Front and rear numbers must be at least 4 inches high. This is a case where size does matter. **You must use the number assigned to you as shown in this track pack.**

Event Safety Rules

SAFETY IS OUR PRIMARY CONCERN THROUGHOUT THE EVENT - Anyone deemed to be conducting themselves or their vehicle in an unsafe manner, either on or off the track, is subject to suspension for the balance of the event.

NO ALCOHOLIC BEVERAGES OF ANY TYPE may be consumed by any person until the driving schedule has been completed and the track is shut down. The use of any ILLEGAL OR REFLEX AFFECTING DRUGS IS STRICTLY PROHIBITED.

Driving Lime Rock

In preparation for the upcoming Lime Rock DE event, "trackside classrooms" are now available to watch on YouTube at your convenience. Plus video Turn by Turn discussions of Lime Rock. You are strongly encouraged to watch the appropriate classroom session. We hope to have time on the Lime Rock schedule for classroom discussion and questions: the presentations themselves will not be repeated at the track.
