Concours: [Hank Menkes / Alan Zambarano]

On March 9th Concours held its first workshop of the 2025 season at a new venue for us, Jack Daniels Porsche in Upper Saddle River. Our focus this season is to go back to basics to teach the large number of new Concours participants the proper way to maintain the aesthetics of their Porsches. After a hardy lunch, we spent the afternoon discussing the details of automotive polish and the correct method of application by hand or machine. Ron Miguel offered his black 996 as the test subject in an effort to reduce the swirl marks on the front hood. We divided the hood into four sections and demoed various polishes and application methods. We even got Ron to try his hand with a random orbital polisher. The consensus was that the improvement, based on the starting point, was much greater than expected. Our next event will be the Paterek Brothers workshop on May 4th.

Dealer Liaison & Sponsorship: [Bill Gilbert] no report

Driver Education: [Thom Calabro]

We are about to have our first DE of the season. Registrations are up, but ever so slightly. The positive news is that Lightning 1 is in the black. We will have two social events, courtesy of Paul Miller Porsche. There will be a welcome social on Friday evening, and a light dinner on Saturday. These are both expected to be covered 100% by PMP.

Program: [John Korossy]

March member meeting was very well attended by approximately 20+ members on hand to hear from John Paterek. John's engaging stories and slides presented an insider view to restoration challenges and rewards.

John also brought door prizes for a raffle, conducted by Steve E. Winners were able to choose from several Porsche-themed photographic and artwork prints.

Catering by Uncle Guiseppe's in Morris Plains was a nice alternative to pizza.

April and May dates for Stickley Museum have been reserved.

The guest speaker for our April meeting will be Rolf Kittlitz, After Sales Training Instructor for PCNA at Porsche's Northeast training Center in Easton PA. Rolf, also a Porsche Master Technician, has been a perennial speaker at PCA's Tech Tactics where he has engaged audiences with his detailed knowledge of all things Porsche, with a clear and engaging style.

He will be educating us in the details of Porsche steering, suspension, brakes, and tires; just in time for the upcoming track and autocross season.

May's meeting will feature NNJR's own Rudy Samsel, presenting his thoughts on Navigating the Classic Car Auction Seas in 2025.

Rudy Samsel, former NNJR Membership Chair, ten-year member of PCA, and the Co-founder of online classic car marketplace GuysWithRides.com, will take fellow NNJR members through the current online and in-person auction landscape and what to consider when selling or buying a Porsche at auction.
